Extremely Heavy Fighting: 19 Planes Downed: Threat To Leningrad Is

NINE VILLAGES HAVE BEEN RETAKEN BY THE RUSSIANS IN A COUNTER-ATTACK UNDER GENERAL KONIEV IN THE PAST 48 HOURS IN THE CENTRAL SECTOR OF THE FRONT, writes Reuter's Special Correspondent in Moscow.

The initiative still remains with the Russians though the Germans have rushed up reserves with tank and artillery support. The counter-attack continues and fighting is extremely heavy, according to latest telegrams from the central sector.

In the last few days, the German 161 Division has been badly cut up and in 48 hours up to Friday, General Koniev's men took 14 heavy, seven lighter guns, three tanks, six cars and a number of lighter weapons as well as much general equipment.

The positions from which the Germans were bundled out by Gen. Koniev were in many cases fortified and pushing back of the enemy westwards was not easy.

Soviet artillery has been very active in dealing with German tanks while the Red Air Force has bombed German tank columns moving up to the front.

On Aug. 21, the Soviet made six bombing attacks on enemy vehicles, gun positions and infantry, ting out of action a number of tanks near the village "L" and in another raid silenced six guns.

WAR WORKERS' HOME

Rights Guaranteed

Canberra.—Priority rights in renting dwellings and wide safeguards against evictions similar in many respects to the privileges enjoyed by members of the military forces and their dependants have been extended to workers in essential war industries by regulations gazetted recently.

The Minister for Labour (Mr. Holt) announced that the regulations provide for the issue of certificates to war workers in prescribed areas.

When a worker has been issued with a certificate he cannot be evicted from a house so long as he continues to pay rent, or unless he commits an annoyance, or if the house is sold or repossessed for rebuilding or alteration.

The holder of a certificate requiring a house in a prescribed area may compel a landlord to let a house to him if it is vacant or is about to become vacant. Rents to be paid by war workers will be fixed from time to time by rents tribunals.

Roosevelt Corrects Senator's Statement On War Production

HYDE PARK, New York, Aug. 24 (Reuter)—American Defence production is on the average up to the estimates though it has never been completely satisfactory, PRESI-DENT ROOSEVELT told a Press conference on Friday.

Referring to SENATOR BYRD'S statement earlier this week asserting that defence production was "seriously lagging" the President said that he had asked the War Department to check up and this showed that Senator Byrd was wrong in regard to all categories of war production, except planes.

The War Department had told President Roosevelt that U.S. Strike it was very unfortunate that Senator Byrd's data was so in-accurate and that somebody Jeopardises Then destroy Hitler and make an had misled Senator Byrd.

Becoming more specific, Presiand newspapers had carried stories of the excellence of their performance.

Regarding Senator Byrd's statement that the programme provided for the average monthly deliveries of only four (90millimetre) anti-aircraft guns Mr. Roosevelt said that the programme actually called for monthly deliveries of 61 for the remaining months of this year and the War Department believed that the programme would be met.

ACTUAL OUTPUT Senator Byrd had said that only 15 (37-millimetre) anti-tank guns would be produced monthly, whereas the actual output was 72 in July and would be 160 in August, 260 in September and 320 in October. Senator Byrd had stated that only 15 mortars of 81-millimetres would be produced monthly in months immediately ahead. Mr. Roosevelt said that production in

Thong Returns Best Card

Three teams returned high aggregate scores for the period ending August 17 in the H.K.R.A.'s Miniature Rifle League. They were H.K. Police Reserve (372, 368); Rayal Scots "B" Coy. (372, 369) and Raiput "E" (367), 22nd (F) Coy. R.E. and Middlesex "A" shot the second tied match of the season with 319 each, which is not surprising when it is seen that four other teams also returned the same score.

An amendment has been made to the results for the period ending August 10, R.E. Stonecutters having made 347 to win their match against Collinson R.C. "B" (260): The cards were originally mislaid and consequently scored as "not returned,"

Highest individual scores of the period were:-
